

Motor Right into the Very Heart of the Great Out-of-doors

NO MODE of travel can bring you quite so close to Nature and all her blessings as the motorcycle. It is the open way of going, and opens ways to go that no other way can give. And no motorcycle is quite so thoroughly perfect as the

Harley-Davidson

The World's Champion

The Harley-Davidson knows no distance too great to cover. All the world is toured via Harley-Davidson Motorcycle.

When you buy a Harley-Davidson you will receive the same government standard motorcycle that so magnificently performed on the war-torn fields of France, to which every service man will testify.

Give your family the miles of fun the Harley-Davidson affords. Glide through the city and its parks, out on the long roads of the country, down its deep ravines, by hill and dale and the sloping up-lands. Go far away for week-ends, all week or for a month. All these are yours when you own a Harley-Davidson. Come in and see the 1920 model.

Get your order in right away. Easy payments if desired. But the demand far exceeds the supply. We have the 1920 Harley-Davidson Bicycles too.

GRADY SCHOOL NOTES

The flu epidemic has disappeared from our community and our school attendance has increased greatly. Most of the pupils who have been absent from school on account of the flu are now with us again. We are glad to welcome two new pupils into our school last Monday morning.

We were greatly disappointed last week when we received word that the Tournament which was to be held in Clovis March 5th and 6th, had been called off on account of so much sickness in the county.

Mr. Rhoton was absent from school one day last week and the school was left in charge of Mr. Gaddis until his return.

Another order of books for our Library arrived last week. The books are now being read by both the patrons and the children of the school. We are glad to see the books read so eagerly and are sure that by constant association with the great authors great benefits will be derived.

The welcome visitors of our school last week were Mrs. Fedric and Mrs. Benton. We are always glad to have the patrons visit us and an invitation is extended to all the patrons of the community.

Mrs. Thomas and Miss Thomas were callers at the Hale home Thursday evening.

The principal, Mr. Rhoton, gave us another excellent talk last Friday morning emphasizing the fact that it is the guilty person who takes offense. All the pupils eagerly look forward to these talks which are so interesting and beneficial to them.

The favorable weather has been of great benefit to the basketball teams who are practicing for the match games which are to be played March 13 with the Pleasant Hill basketball teams.

Mrs. Crawford is teaching school during the day and visiting the sick families at night.

On account of the New Mexico sand storms which presented their undesirable presence each day last week, the painting of the school building was not begun.

Mrs. Thomas made a business trip to Clovis last Friday afternoon.

We are eagerly looking forward to the Teachers' Meeting which will be held March 13, and anticipate it being a great day. We urge you to be present on that day for we are confident the program will be interesting and enjoyable to you. We are also preparing to be in readiness to display the performance of our Physical Exercise, if we are called upon to do so. Leah Carter, a Student.

Good Clothes--Or Nothing

That's our policy. If we can't get good clothes for you; clothes worth the money—we won't sell anything. Right now when merchandise is so hard to get, many merchants are tempted to load up with poor stuff—there's no trouble in getting that.

We won't do it. If you come in here to buy clothes and we haven't good ones in your size, we'd rather see you go out without buying than to give you poor quality that would not render good service.

New shipments of fine all-wool clothes are coming to us every day from Hart Schaffner & Marx and Fashion Park Clothes. They're the kind of clothes you ought to have. If we haven't your size today, we'll have it a little later—such quality is worth waiting for.
